

See it first, *then decide.*

Your cockpit and the survey of what you have today cost you nothing. **Four tiers, each cancellable on its own.**

These prices cover the **use of CommsOS** — you keep your providers and your own procurement channels. Tendering and implementation are separate and always optional. **If a tender runs through us, we credit your monthly fees from the last twelve months against our fee.**

COMMSOS ONE

One provider

€0

free for good, not a trial period

- One provider in full, with everything underneath it
- Deadlines and renewals in view
- Invoices against the agreed rate
- All users included

COMMSOS BUSINESS

Your whole landscape

€499

per month, up to 15 providers and 3 legal entities

- Contracts, licenses, hardware and invoices in one place
- Invoice checks against the agreed terms
- License analysis: assigned vs. used
- Cancel monthly, no minimum term

COMMSOS CORPORATE

Several legal entities

€1,999

per month, up to 50 providers, unlimited entities

- Every entity in one view, per unit
- Extended roles and permissions
- Send contracts for electronic signature
- Enterprise €4,999: up to 200 providers, SSO, API, SLA
- All users included, in every tier

THE TIERS AT A GLANCE

TIER · PROVIDERS · ENTITIES	PER MONTH · PER YEAR
One · 1 provider · 1 entity	€0
Business · up to 15 · up to 3	€499 · €4,990
Corporate · up to 50 · unlimited	€1,999 · €19,990
Enterprise · up to 200 · unlimited · SSO, API, SLA	€4,999 · €49,990
more than 200 providers	individual let's talk

Pay yearly and two months are on us — and you can still cancel monthly; there is no minimum term in any variant.

Every category included — mobile, numbers, hardware, software licenses, invoices. Nothing per user, nothing per license, nothing per device: **a provider stays one provider, whether 12 or 12,000 SIMs hang underneath it.**

All amounts net, plus VAT. What counts is the number of providers and legal entities kept in the portal; the higher tier applies. A provider is one provider relationship, regardless of how many contracts, connections or licenses sit underneath it. Exceed a limit and nothing is blocked and nothing is charged immediately — the higher tier applies from the next renewal. Cancel monthly to the end of the paid period; on request your data is exported in full and deleted. Managed onboarding and system integrations at a fixed price, tendering and awards per project.
